CHURCH MADE PROGRESS 1927

The first annual congregational banquet of the Sidney Circuit United Church was held in Wesley Hall on Monday night. This banquet took the place of the former congregational meetings at which the year's reports were presented and officers elected and proved to be an excellent substitute. About a hundred guests from Sidney and South Saanich Churches sat down to an elaborate dinner prepared by a committee of ladies from the Ladies' Aid Society, and the style and quality of the dinner was sufficient proof of many hours work previous to the banquet hour.

A delightful program followed the banquet, with Mr. Alex. McDonald in the chair, the first of which was a short address by the Rev. Thos. Keyworth of James Bay United Church. Solos by Mrs. Anderson of Sidney, Miss Pinder, choir leader of South Saanich Church, and Mr. Cowell, accompanied by Miss Hambley, were equally appreciated and toasts were proposed and responded to by Mr. N. Fralick, Mr. J. T. Taylor, Mr. N. Gray, Mr. J. F. Simister, Mrs. Simister and Mr. Ed. Blackburn.

The pastor, Rev. Lees, gave a summarized report of the work of the two churches during the past year which was indeed favorable in all departments of church work. Through the support of different organizations the indebtedness had been cleared off and a substantial reduction in the debt on the hall had been made. There was a satisfactory increase of membership in the Sunday Schools, several new members in the church, excellent results reported from the Pathfinders' Club, C.G.I.T., "We Try Class," Young People's Societies, Ladies' Aids and Church Boards. A Junior branch of the C.G.I.T. was opened during the year and a new choir was organized at South Saanich Church under the leadership of Miss Pinder and the Sidney choir reorganized under the leadership of Mr. Lowe.

Mr. Lees was very much in favor of removing the church from the East Road to the south end of the circuit for the use of the congregation there as they were in bad need of a better place of worship. This is the old Methodist Church and has not been used since the union of the two churches some years ago. He also spoke of the need of help with the boys' work, both in the Sunday Schools and Pathfinders' Club.

A pleasant feature of the evening's entertainment was the presentation to Miss Alma Hoyer of South Saanich Church with a beautiful pen and ink stand and Miss Florence Hambley with an umbrella on behalf of the congregations for their untiring services as organists for the church services as well as the Sunday School.

During his address Mr. Lees signified his willingness to accept the invitation of the Church Board to remain for another year.

The evening was brought to a close by the singing of "Auld Lang Syne."

B.C. Electric Extending In Sidney Rural District

The B.C. Electric have completed their extension lines on Breed's Cross Road and the East Road and the power has been turned on, so that the homes taking advantage of the lighting system will now enjoy up-to-date illumination—and that by simply pressing the button. Work is now being carried out on Cedar Road. Residents of Deep Cove are taking steps to secure light in that district.

Constance Talmadge In "Duchess of Buffalo"

Constance Talmadge used three big Hollywood studios for her new picture, "The Duchess of Buffalo."

With all the available space at the Pickford-Fairbanks studios, the home of the Joseph M. Schenck organization, occupied by Russian Castles, streets, hotels and other sets required for "The Duchess of Buffalo," now at the Auditorium tonight and Friday night, Director Sidney A. Franklin transferred the company to the United Studios, where a large theatre along Byzantine lines was erected, and to the Buster Keaton studios. "The Duchess of Buffalo," Miss Talmadge's first picture since she made "Her Sister From Paris" more than eight months ago, is a Sidney Franklin production under the Schenck banner for First National. Some of the well known players in the supporting cast are Tullio Carminati, former leading man and managing director for the late Eleanor Duse; Edward Martindel, Rose Dione, Chester Conklin and Martha Franklin.

Manager Halseth is putting on a big picture next week, "Michael Strogoff," made in Russia, acted by Russian stars and Russian throughout. It is a costly production and movie fans will do well to attend and bring their friends.

SPEAKS FOR NAVY LEAGUE

The Deep Cove Club Hall was the scene of a very pleasant gathering on Monday evening when the Deep Cove branch of the Navy League entertained about 75 guests. Captain Morris from Victoria was present and gave quite an interesting address, "A Navy League Evening." He outlined the motto of the league and the objects and efforts of the association in giving support to seamen's dependants. He told about training the boys for navy work in defence of the Empire and read paragraphs from different navy magazines showing special discipline of the cadets and the bravery of the officers. Capt. Morris concluded his speech by stating that there was no question but what the association was more than justified in its existence by accomplishing more and more each year and asked for support to the association.

Major Layard extended a hearty vote of thanks to Capt. Morris for his enlightening address. Bridge and 500 was played at 10 tables after the lecture and tea was served by the committee in charge, after which a social half hour was enjoyed.

NEW BLOCK ON BEACON AVE.

Mrs. S. K. Halsey has commenced construction, on her lot at the southwest corner of Beacon Avenue and Fourth Street, of a one-story building 48 by 60 feet to replace the structure destroyed by the fire of a few weeks ago. The building will stand on a concrete foundation and will be of a stucco finish. Plans reveal an artistic block which will very much improve Beacon Avenue. Mr. Sutton of Victoria, is the contractor. The new building is being built more or less to suit the tenants. The Local Butchers in the corner and the Government Liquor Store adjoining. A third store, smaller than the other two mentioned is open for some tenant that requires only a small frontage.

SAANICH BOARD IS PROGRESSIVE

By Review Representative

SAANICHTON, Feb. 9. — At its regular monthly meeting held in the Brentwood Hall on Monday evening last the Saanich Board of Trade were presented with annual reports of the president and secretary-treasurer. The president, Rev. M. W. J. Bruce, in reviewing the work of the board for the last year felt that the time had come for advocating to the Municipal Council the hard-surfacing of more roads in preference to temporary repairs. He also referred to the action of the board in matter of securing more equitable electric lighting rates.

The report of the secretary-treasurer, Mr. J. E. Sladen, which had been duly audited showed the assets of the board to be \$166.69.

The election of officers for the ensuing year resulted as follows: Hon. pres., Mr. R. P. Butchart; pres., Rev. M. W. J. Bruce; vice-pres., Mr. W. O. Wallace; sec. treas., J. E. Sladen; all of whom were elected by acclamation. The council of eight were elected by ballot and resulted as follows: Messrs. Major W. Garrard, H. Blakie, W. W. Duncan, E. Harding, Capt. Nat. LIBRARY NEEDS YOUR SUPPORT

The Library Association are holding a bridge and 500 party at Shore Acres on Monday evening, February 20th, in aid of the Sidney Library. Arrangements are being made for a pleasant evening and tables may be reserved by phoning 98Q. The library is a great asset to Sidney and North-Saanich and the people of the district will have this opportunity of helping to finance this very desirable and well-deserving enterprise. Don't leave it all for a few to do. A good library is a credit to any community. Books — "A finer world within a world" — broaden one's outlook on life, strengthen one's capacity for mental vividness, mold noble characters in the growing generations and a well-chosen library is an education in itself. Let's help the good work along.

N.S. LIBERALS MET SATURDAY

The regular meeting of the North Saanich Liberal Association held last Saturday in Matthews' Hall was very representative of the district. A. McDonald, president, was in the chair. The meeting was followed by an executive meeting.

Mr. Jackson's announcement that a substantial sum was expected to be included in this year's estimates for the installation of a ferry between Gabriola Island and the mainland was received with great enthusiasm. The speakers were given an attentive hearing and were heartily thanked for the information and explanation of Liberal policies in the provincial and federal field. After the speeches the floor was cleared for dancing. An able orchestra from Nanaimo provided the music and excellent refreshments were served by the ladies' committee.

A LINE FENCE AND A LAWYER WITH COMMON SENSE

"He's got eight feet of my land and I want to commence suit against him right away!"

It was with these neighborly remarks that he busted in on our city lawyer friend one morning several weeks ago.

"I think," said the lawyer, "that I will write your neighbor and ask him to come in and see me. Perhaps there is a little misunderstanding that can be ironed out, save both of you some money, and you can still be friends."

"Misunderstanding nothing! He's got eight feet of my land, he knows it, and I'm going to have it back if I have to go to the highest court and mortgage my farm!"

Our legal friend told his client that that was just about what would happen to him if he had his way about it. And so, with this as a background, we shorten the traces and tell you just how the thing turned out.

The lawyer had both parties meet in his office, and after a little preliminary talk, the offender said: "You see it's like this, Mr. Lawyer, I've always lived in town until I bought this farm, and when I went there I found the fences in bad shape. I didn't know who my neighbors were, but I wanted to be on good terms with them. And so, when I came to this particular fence, which was half down, I supposed of course it was on the line, and I thought I would build it through at my own expense, rather than say anything to my neighbor about it. I'm awfully sorry this happened, but friendly neighbors mean more to me than a few feet of land, so I tell you what I'll do, I'll set the fence over ten feet at my own expense!"

The farmer who claimed the land jumped up, grabbed his neighbor by the hand and said: "You won't do anything of the kind! You leave that fence right where it is—and, by the way, I've just butchered a hog, and when I get home, I'm going to bring you over half of it! And now let's all go out and get something to eat on me!"

This story goes to prove that with fairly decent people most of life's troubles are caused by misunderstandings.

MAKING LOW PRICES

To make a large success in business, people have to convince the public that they are giving specially good values.

One of the best ways to get into a position where they can give exceptionally good values, is to obtain a greater volume of business. When stores double their sales, their expenses are not so much more with the doubled volume, so the cost per article is less.

That is the reason why many people have obtained a big trade and have held it through advertising. Their advertising drew a lot of people to their stores, they increased their volume of sales, without a corresponding increase in cost of operation. Also by buying in large quantities they got many reductions in price. So they were actually able to deliver goods for less, as the result of obtaining volume of business through advertising.

Chicago is reported planning a 32-story opera house. Evidently they intend housing the high sopranos right on the premises.

CINDERS ON THE TRACK

As this is a true story, please visualize a country school-house standing at the top of a long hill which ran back and down into a field owned by a crabbed old man who hated dogs and disliked boys.

One winter, and this happened many years ago, rain, snow, and following these, zero weather, had made of this hill an ideal coasting place.

Every morning before school, every noon, at recess, and at night when school was dismissed, a dozen or 15 boys would have the time of their young lives coasting down and dragging their sleds up this long icy hill. It wouldn't have been very much fun for one boy to do this all alone by himself, because without company the hill would have been too steep for him to climb.

One night as they gathered at the top of the hill, they found that the old gentleman had covered the ice with cinders and ashes. There is some fruit that mellow and sweetens with age, but a persimmon is always a persimmon.

They were mad; rip roaring mad. Every boy in the bunch, with one exception, suggested ways and means whereby they might "get even," but this lad said, "What we fellows want to do is slide, and throwin' stones at his house ain't goin' to help us none; there's a bunch of shingles over there, let's all grab one and clean off the cinders."

Somebody is always throwing cinders on your track. Somebody is always saying and doing mean things. Somebody is always unfair competition. It always has been so and it always will be so, but the man who slides along with the least friction and the greatest success, is the man who, smilingly grabbing the shingle of quality and fair dealing, shovels off the cinders.

The success that comes by overcoming obstacles is the only success that really counts.

Galliano is coming to the front as a place of summer homes and with improvement to the roads considerable motoring is now done from one end of the island to the other. Full information regarding the island may be secured by writing the secretary of the Galliano Development League.

BASKETBALL GAMES AT FULFORD HARBOUR

By Review Representative
FULFORD HARBOUR, Feb. 9.—A very exciting basketball game was played in the Institute Hall, Fulford Harbour, on Saturday evening when the Victoria Sons of Canada came up to play the Fulford team, which ended in favor of Fulford. The line-up was as follows:

Sons of Canada—H. Doherty, 1; C. Nichol, 6; L. Cann, 3; F. Partington, 17; J. Taylor, 2—total 29 points.
Fulford—R. Morris, 16; J. Akerman, 10; G. Hamilton, 14; W. Douglas, 0; V. Douglas, 0; F. Morris, 4—total 44 points.

A girls basketball game was also played on Saturday evening in the Institute Hall between the Adanacs, Victoria, and Ganges, which was without doubt a one-sided game throughout, owing to a lack of practice of the Ganges team. The score ended in favor of the Victorians, 32 to 5.

After the two games a dance followed with Eaton's orchestra in attendance.

Mr. R. Cremers has returned home after several days in Vancouver.

PAINT YOUR FACE FROM THE INSIDE OUT

Don't be content to buy a standardized complexion. Awaken your skin to life and loveliness with proper care. That rose-lip tone and texture we all envy just means healthy active cells and tissues and a skin freed of poisons by brisk circulation. To overcome an oily condition and to brighten and clarify a sallow faded complexion try this three times a week. Get a little Peroxine Powder from your chemist. Apply hot cloths to the face and then rub gently with the powder. Follow with cold water. Follow with hot and then cold water. Apply a good cream (we recommend Carol cream). This helps to restore that dry velvety finish to the skin, improves its texture and brings natural color to the cheeks.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre east of the Coast Range and 8,000 feet per acre west of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to the value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin, "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timberland, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and the land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by any one person or company.

GRAZING

Under the Grazing Act, the Province is divided into grazing districts, and the range administered under the Grazing Commission. Annual grazing permits are issued, based on numbers ranged, priority being given to established owners. Stockowners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers up to ten head.

Revelstoke, Queen City of the Ski-Jumpers

The town of Revelstoke nestling among the Selkirk Mountains in the broad valley of the Columbia river, in British Columbia, is noted for two things: its National Park, situated on top of Mount Revelstoke, and its world famous ski-jump where world records have been made and up to the present date not surpassed.

The Revelstoke Winter Carnival extends from February 6-10 inclusive. During this celebration the fourteenth annual ski-jumping tournament takes place on February 7-8. The famous hill, where the jumps are made, has a total length of 1,780 feet with a runway of 600 feet. The distance from the take off to the farthest point at which a safe landing is assured, is 280 feet, or 40 feet beyond the present world record.

Nels Nelson, a brakeman on the Canadian Pacific Railway, established his world record jump of 240 feet in 1925. The woman's record jump of 84 feet was also made on the Revelstoke ski hill in 1922, by Isobel Coursier, a record which still stands.

Little children in this mountain town who can do little more than walk begin to ski as soon as there is sufficient snow and they are brought up to think no more of skiing than the average child thinks of walking. The children have their own hill and little jumps from which they graduate one by one.

Revelstoke has an unusually large skating rink for the size of the town and there are four curling rinks. The dates for the Banff Winter Carnival are from February 4-11, making it possible for sport enthusiasts to take part in both events.

Canadians are great lovers of the out-of-doors and winter sports are an important factor in the lives of young people in this land of the maple leaf. Quebec and Montreal are the two eastern centers for sports, Winnipeg in the middle west and Banff and Revelstoke still farther west. Western Canada has an abundance of sunshine and the weather is all anyone could desire for it does not freeze and thaw alternately, postponing special competitions or trips, but remains a fairly even temperature. Canadians and Americans will soon realize the futility of traveling long distances and spending large sums of money to enjoy winter sports in Norway, Sweden or Switzerland when there are so many delightful winter resorts in the Dominion of Canada.
